

ABOUT MEETING KITCHEN

Our activities

Meeting Kitchen develops solutions and online tools to structure joint decision-making processes. We thereby increase your ability to work successfully with others.

What characterizes us

We are convinced of two principles:

- Good strategies are principled strategies (i.e.: they address both substance and relationship)
- Results are generally only as good as the method by which they were achieved.

Our products

➤ **ADDED INSIGHT**
Evaluate and develop your cooperation and negotiation abilities

➤ **MEETING AHEAD UND NEGOTIATION TOOLBOX**
Introduce, prepare, conduct and follow up of conversations

➤ **EverAsk**
Digital assistant in the medical field, e.g. for more efficient doctor-patient conversations

Contact

Please get in touch if you face some complex joint decision-making situations. We look forward to developing together with you solutions and tools that will allow you to master such situations successfully.
